Quality Seminars and Roundtables

*Our events don't speak for themselves....
our participants do it for them....*

We think we offer some of the best seminars and roundtables available on current topics in IT management. But don't take our word for it. Hear what our members have to say. They evaluate every one of our seminars and roundtables. Last year, as always, we got high marks.....

Our content is ...	Relevant?	4.6/5
	Interesting?	4.5
	Thought provoking?	4.3

“Address very hot issues...” provide “Innovative ideas” and “New perspectives” in a “thought provoking” fashion that are “well connected to the real world...”

Our Presenters ...stimulate interest?	4.3
are well organized?	4.4
are responsive to the audience?	4.6

Are “Effective in communicating personal knowledge and experiences...” with delivery that is “ very high energy and entertaining...” and facilitates “high levels of interaction and group participation” with discussion that “adds to already interesting topics...”

OUR RATING FOR OVERALL QUALITY WAS 4.5/5

They leave saying.....

“I cannot wait for the next session.”

.....can you?

* average rating of seminar and roundtable participants between September 1998 and June 1999
